## A P P E N D I X

Concerning the transfer to the Government of Canada of the control and administration of a parcel or tract of land in the Township of Pontchartrain.

WHEREAS the Government of Canada requests the transfer of the control and administration of a parcel or tract of land of 1.44 acres, described as Lot Twenty-Four (24) of Baie-du-Vieux-Fort Farming Village of the original survey of the Township of Pontchartrain as complementing Block Twenty-Six (26) of the same Township, already under its jurisdiction, with a view to constructing and maintaining thereon a haulout slip and whereas there seems to be no obstacle to such transfer;

WHEREAS Section 2 of the Act of the Department of Lands and Forests and Section 41A of the Act concerning Lands and Forests (Revised Statutes, 1964, Chapters 91 and 92 and Acts of 1969, Chapter 58, Section 83) provide for the legality of such transfer.

NOW THEREFORE THIS INDENTURE WITNESSETH, as proposed by the Minister of Lands and Forests:

1. THAT transfer to the Government of Canada, for use by its Department of Public Works and with a view to constructing and maintaining thereon a haulout slip, of the control and administration of Lot Twenty-Four (24) of Baie-du-Vieux-Fort, Farming Village, of the original survey of the Township of Pontchartrain, having an area of 1.44 acres, including a reserve of three (3) chains, as specified by the Land Surveying and Geodesic Branch of the Department of Lands and Forests on February 19, 1971.

- (c) Should the structures or buildings constructed or to be constructed on the parcel or tract of land being transferred be not maintained in a good state of repair, be abandoned by the Government of Canada or cease to be used for the purposes for which they were intended, the said Government shall so advise the Minister of Lands and Forests and, at that time, the transfer shall become inoperative and the Government of Quebec shall take back the control and administration of the said parcel or tract of land without any formality or compensation for the existing structures or improvements, unless the Quebec Minister of Lands and Forests deems it advisable to request their demolition and removal by the Government of Canada at the latter's own expense;

2. THAT copy of this Order in Council authorizing the transfer of the control and administration of the above described parcel or tract of land be delivered to the Government of Canada to serve as an instrument of transfer between the two Governments and that the Minister of Public Works of Canada transmit to the Government of the Province of Quebec a certified copy of the Privy Council Order authorizing the former to accept the abovementioned transfer of control and administration, which will become effective from the time the Order is adopted by the Privy Council.

## APPENDICE

Concernant le transfert au Gouvernement du Canada de la régie et de l'administration d'un terrain dans le Canton de Pontchartrain.

Attendu que le Gouvernement du Canada demande le transfert de la régie et de l'administration d'une parcelle de terre de 1.44 acre désignée comme étant le lot vingt-quatre (24) de Baie du Vieux-Fort, Village de terre, de l'arpentage primitif du Canton de Pontchartrain, comme complément au Bloc vingt-six (bloc 26) du même canton, déjà sous sa juridiction, en vue d'y construire et maintenir une cale de halage et que rien ne paraît s'opposer à ce transfert;

Attendu que l'article 2 de la loi du Ministère des Terres et Forêts et l'article 41a de la loi des Terres et Forêts (Statuts refondus, 1964, chapitres 91 et 92 et lois de 1969, chapitre 58, article 83) pourvoient à la légalité de ce transfert.

Il est ordonné en conséquence, sur la proposition du Ministre des Terres et Forêts:

1. Que soient transférées au Gouvernement du Canada, à l'usage de son ministère des travaux publics, aux fins d'y construire et maintenir une cale de halage, la régie et l'administration du lot vingt-quatre (24) de Baie du Vieux-Fort, village de Terre, de l'arpentage primitif du Canton de Pontchartrain, formant 1.44 acre, y compris la réserve de trois (3) chafnes, tel que spécifié par le service de l'arpentage et de la géodésie du ministère des Terres et Forêts le 19 février 1971.

Ce transfert de régie et d'administration est en outre assujetti aux conditions suivantes:

- a) Le Gouvernement du Canada paiera la somme de cent dollars (\$100.00) pour son exécution;
- b) Le Gouvernement du Canada ne pourra louer, céder ou autrement aliéner les droits résultant du présent transfert, sans l'autorisation préalable du Lieutenant-Gouverneur en Conseil;

- c) Advenant que les ouvrages ou les constructions qui sont ou qui seront aménagés sur le terrain faisant l'objet du transfert ne soient pas maintenus en bon état, soient abandonnés par le Gouvernement du Canada, ou cessent d'être utilisés pour les fins prévues, ledit gouvernement devra en donner avis au Ministre des Terres et Forêts, et alors, le transfert deviendra inopérant et le Gouvernement du Québec reprendra la régie et l'administration dudit terrain sans aucune formalité ni indemnité pour les constructions et améliorations existantes, à moins que son Ministre des Terres et Forêts ne juge opportun d'en demander la démolition et l'enlèvement par le Gouvernement du Canada au frais de celui-ci;

2. Qu'une copie du présent arrêté en conseil autorisant le transfert de régie et d'administration sur le terrain ci-dessus désigné soit délivrée au Gouvernement du Canada pour valoir comme instrument de transfert entre les deux gouvernements et que le Ministre des travaux publics du Canada remette au Gouvernement de la Province de Québec la copie certifiée d'un arrêté du Conseil Privé l'autorisant à accepter le susdit transfert de régie et d'administration qui deviendra effectif à compter de l'adoption de l'arrêté en Conseil Privé.

WHEREAS the Secretary of State for External Affairs reports as follows:

That the Windward Islands Banana Grower's Association (WINBAN) is the co-ordinating organization for the Banana Growers' Associations of Dominica, St. Vincent, St. Lucia, and the Banana Co-operative Society in Grenada;

That the production of bananas is a major economic activity in Dominica, St. Vincent, St. Lucia and Grenada;

That WINBAN, through its sponsorship of the Windward Islands Banana Research Scheme (WINBAN Research), supports research and extension activities which are vital to ensure a viable, stable and growing industry and which assist banana growers of the Windward Islands to increase production of bananas with the objective of re-establishing the industry on a continuing self-sustaining basis;

That WINBAN is currently experiencing a financial crisis largely as a result of the inability of the various Growers' Associations to pay their assessed contributions due to low banana production and has had to reduce drastically its financial assistance to WINBAN Research. Without short-term bridging financial assistance WINBAN Research may be forced to curtail its invaluable short-term research and trouble shooting activities;

That the provision of assistance to WINBAN fulfills the Canadian objective of supporting development oriented organizations of the Commonwealth Caribbean region in the task of establishing and assisting in programs which will help improve the economic situation of less developed countries in the Commonwealth Caribbean region;

- 2 -

That it is considered desirable and expedient for Canada to assist financially WINBAN Research through an untied grant to WINBAN from the Agricultural Development Fund with the view to enabling WINBAN to survive its current financial difficulties and continue its assistance to WINBAN Research with the anticipation that by 1977 banana production will have increased to such an extent as to enable WINBAN Research to operate without outside assistance; and

That the Special Account authorized by External Affairs Vote 33(d) of Appropriation Act No. 2, 1965, as amended, provided authority to make payments subject to terms and conditions approved by the Governor in Council, to developing countries and their agencies, to educational and technical institutions in such countries, and to recognized development institutions.

THEREFORE, HIS EXCELLENCY THE ADMINISTRATOR IN COUNCIL, on the recommendation of the Secretary of State for External Affairs, pursuant to External Affairs Vote 33(d) of Appropriation Act No. 2, 1965, as amended, is pleased hereby to authorize payments not to exceed \$300,000 as economic assistance to the Windward Islands Banana Growers' Association (WINBAN) on the following conditions:

- (a) That WINBAN agrees that the payments will be applied to finance a portion of the net expenditures of the Windward Islands Banana Growers' Association Research Scheme (WINBAN Research) over the fiscal year periods 1974/75, 1975/76 and 1976/77.
- (b) That payments will be made to WINBAN in the following manner:
  - (i) For the fiscal year 1974/75, Canada will contribute three times WINBAN contributions to WINBAN Research up to a maximum of \$150,000;
  - (ii) For the fiscal year 1975/76, Canada will contribute the equivalent of WINBAN contributions to WINBAN Research up to a maximum of \$100,000; and
  - (iii) For the fiscal year 1976/77, Canada will contribute one third of WINBAN contributions to WINBAN Research up to a maximum of \$50,000.

- 3 -

- (c) That WINBAN agrees, also, to enter into an agreement or arrangements with the Government of Canada covering the end and purpose of the said payments and to make such reports on the progress and costs of the project, as may be required by the Government of Canada;

and, also the conclusion by Canada of the agreement or arrangements referred to in condition (c) above.

## SCHEDULE

The proposed agreement between Her Majesty the Queen in right of Canada (hereinafter called "Her Majesty") and the United Counties of Leeds and Grenville in the Province of Ontario, will contain such provisions as may be deemed advisable in the public interest including provisions to the following effect:-

Her Majesty in consideration of the terms and conditions of the said proposed agreement, grants permission to the United Counties of Leeds and Grenville, insofar as Her Majesty has the right to grant such permission to construct, maintain and operate a new fixed highway bridge over the entrance to Smiths Bay (a secondary channel of the Rideau Canal) and a high level fixed bridge over the Rideau Canal and Cataraqui River near Officers Quarters at Jones Falls in the Province of Ontario. The new bridges are located on new County Road No. 10 which, when completed, will carry all the public vehicular traffic to Jones Falls, as well as the traffic by-passing Jones Falls. The existing two bridges that are owned and operated by the Department, one a swing bridge over the Canal lock, and the other a wooden bridge over the Cataraqui River, will remain for their historical significance and the existing road leading to both bridges will be closed to public vehicular traffic.

The County Corporation shall, at its own cost and expense, construct and complete the two new bridges in all respects in strict conformity and accordance with the specifications and drawings approved by the Director General, Parks Canada, and shall use in the construction of the new bridges only such materials as may be approved by the Director General, Parks Canada for that purpose.

That, upon completion of the new bridges and concurrent with the opening of the proposed Jones Falls By-Pass on County Road No. 10 referred to in one of the preambles hereof the County shall take the necessary action to close the existing road to public vehicular traffic and the Department shall be responsible for effecting barricades at both approaches to the existing bridges to prohibit its use by public vehicular traffic.

That the Corporation shall submit to the Director General, Parks Canada, for his approval, the plans and specifications of the Corporation for the construction of the new bridges including the schedule for the construction work, so as to ensure that navigation requirements are fully complied with after the completion of the said bridges as well as during the course of their construction and erection, and the Corporation shall not commence the work of construction and erection of the said bridges until such plans and specifications have been approved by the Director General, Parks Canada.

That the Corporation shall comply with and fulfil in all respects the requirements of Part I of the Navigable Waters Protection Act, chapter N-19, Revised Statutes of Canada 1970 in respect of the construction and erection of that part of the new bridges extending over and across the Rideau Canal and it is an express condition of this Agreement that the said part of the said bridges shall not be constructed and erected until the provisions of the said Part I shall have been fully complied with.

That in the carrying out of the work of construction and erection of the new bridges or any portion or portions thereof, the Corporation shall not waste, cause or permit to be wasted any materials in the Rideau Canal or in the Cataraqui River except at such location or locations as may be approved by the Director General, Parks Canada for that purpose.

(1) Her Majesty shall pay to the Corporation the sum of TWO HUNDRED AND SIXTY-FIVE THOUSAND AND ONE HUNDRED DOLLARS (\$265,100.00) by way of a contribution towards the cost to the Corporation of the Officers Quarters Bridge only. Subject to subclauses (2) and (3) payment of the said contribution, which shall also cover the cost to the Corporation for channel sweeping and clearing as required due to bridge construction, will be made to the Corporation in the following instalments:

- (a) The sum of ONE HUNDRED AND THIRTY-TWO THOUSAND FIVE HUNDRED AND FIFTY DOLLARS (\$132,550.00) upon completion by the Corporation of the work of construction of fifty per cent (50%) of the Officers Quarters Bridge, exclusive of the fill approaches.
- (b) The sum of SIXTY-SIX THOUSAND TWO HUNDRED AND SEVENTY-FIVE DOLLARS (\$66,275.00) upon completion by the Corporation of the work of construction of seventy-five per cent (75%) of the Officers Quarters Bridge, exclusive of the fill approaches.
- (c) The sum of SIXTY-SIX THOUSAND TWO HUNDRED AND SEVENTY-FIVE DOLLARS (\$66,275.00) upon completion by the Corporation of one hundred per cent (100%) of the work of construction of the Officers Quarters Bridge and of all other work to be undertaken and completed by the Corporation on the said bridge to this Agreement, including the fill approaches.

PROVIDED, however, that the payments reserved to the Corporation in subparagraphs (a), (b) and (c) above will be made only on the written certificate of the Director General, Parks Canada, that the Corporation has performed the work of construction and erection of the Officers Quarters Bridge provided for in each subparagraph (a), (b) and (c) above to his entire satisfaction and in accordance with the terms, conditions and provisos of this Agreement contained, and the said certificate of the Director General, Parks Canada, shall be a condition precedent to the right of the Corporation to receive the payments reserved to the Corporation under subparagraphs (a), (b) and (c) above.

(2) Notwithstanding subclause (1), if Her Majesty requires for budgetary purposes, Her Majesty may at any time make one extra payment to the Corporation based on the percentage of completion of the Officers Quarters Bridge.

WHEREAS the Secretary of State for External Affairs reports as follows:

That the Government of Jamaica has embarked on a five year integrated program of development, to establish Mico College as a centre for in-service teacher training. The program includes construction of dormitories, a library, and a teachers' resource centre. The staff development and curriculum reform program are key areas in this program, the results of which will benefit both students and staff members at the College, as well as the total Teacher Program in Jamaica;

That curriculum development for teacher trainers in Jamaica is a key sector in education in need of development. This is a small yet significant project in a college which has been given a mandate by the Ministry of Education to initiate programs in the teacher education field in Jamaica. Mico College plans to assume the cost of this project and if required, the Ministry of Education has agreed to provide financial assistance, at the end of the second year, when CIDA's participation in this project has terminated;

That this project is totally Jamaican in content and has as its primary goal, self-sufficiency in curriculum development and teacher training. This is a relatively small contribution in the

- 2 -

form of local cost financing, for a project which has high potential for success. Project results in the curriculum development field will have a direct impact on the teacher education program in Jamaica;

That it is considered desirable and expedient for Canada to assist financially Mico College in a program of curriculum development for teacher trainers through the provision of a direct grant of \$60,000 over a two year period; and

That the Special Account authorized by External Affairs Vote 33(d) of Appropriation Act No. 2, 1965, as amended, provided authority to make payments subject to terms and conditions approved by the Governor in Council, to developing countries and their agencies, to educational and technical institutions in such countries, and to recognized international development institutions.

THEREFORE, HIS EXCELLENCY THE ADMINISTRATOR IN COUNCIL, on the recommendation of the Secretary of State for External Affairs, pursuant to External Affairs Vote 33(d) of Appropriation Act No. 2, as amended, is pleased hereby to authorize payments not to exceed \$60,000 to cover the costs of salaries, honorariums and scholarships, subject to the following conditions:

1. Canada agrees to provide an initial payment of \$32,500 the first year and \$23,500 the second year.
  - (a) An honorarium of \$625 for each regular staff member who will work on the program of curriculum reform during the summer.
  - (b) Salary provision to hire local replacement teachers in education, to release staff members from teaching duties during the regular term.

- 3 -

- (c) Scholarships tenable at the University of the West Indies in the School of Education.
2. At the end of the first year an evaluation of the project will be provided by the Government of Jamaica. If the results are satisfactory, the second allotment of \$23,500 will be made to the project following receipt of a statement certified by the Government of Jamaica stating that funds provided in the initial payment have been expended in the provision of honorariums for regular staff members working on curriculum reform; the provision of salaries for local replacements and the disbursement for scholarships.
3. At the end of the second year a final evaluation of the project will be provided by the Government of Jamaica, as well as a statement certified by the Government of Jamaica stating that the final payment of funds have been expended in accordance with the Agreement between Canada and the Government of Jamaica. Both statements will be supported by a list of expenditures accounting for all sums disbursed.

ATTENDU QUE le syndicat désire vendre, selon un plan  
coopératif et conformément aux dispositions de la Loi, une certaine  
quantité de sirop d'érable produit en 1974 dans la province de  
Québec,

POUR CES MOTIFS, en considération des présentes, les  
parties à la présente convention prennent l'une envers l'autre les  
engagements suivants:

1. Le syndicat s'engage à vendre ou à faire vendre,  
selon un plan coopératif et conformément aux dispositions  
de la Loi, le sirop d'érable produit en 1974 dans la

province de Québec, qui lui est livré ou qui est livré à son ordre, le 31 mars 1975 ou avant cette date, lequel sirop sera vendu comme sirop d'érable ou sous forme de sucre d'érable, de beurre d'érable ou de tire d'érable,

2. (i) Le syndicat s'engage à soumettre à l'inspection du gouvernement du Québec ou du ministère de l'Agriculture du Canada le sirop d'érable qui lui est livré en vertu de la présente convention,
  - (ii) Le syndicat n'acceptera pas de sirop d'érable sauf s'il est fourni d'une déclaration signée par le producteur primaire à l'effet qu'il livrera tout son sirop d'érable.
  - (iii) Le syndicat acceptera tout le sirop d'érable qui lui est offert par les producteurs primaires et qui rencontre les exigences de l'une ou l'autre des catégories prescrites,
3. (i) Le syndicat versera au producteur primaire de ce sirop d'érable, désigné à l'article 1 de la présente convention, les paiements initiaux suivants pour les catégories indiquées

(ii) Le Ministre ne sera pas responsable des pertes résultant des paiements effectués pour du sirop d'érable qui ne répond pas aux exigences des catégories ci-dessus,

4. Le syndicat n'effectuera aucun paiement aux producteurs primaires après le paiement initial à moins que ce paiement subséquent ne soit d'abord approuvé par le Gouverneur général en conseil,
5. Le syndicat s'engage à vendre le plus avantageusement possible le sirop d'érable qui lui est livré en vertu de la présente convention,
6. Pour les fins de la présente convention, "les frais de conditionnement, d'administration et de vente" comprendront les frais de la cueillette, de transport, de réception, de l'inspection et classement, de conditionnement, de l'entreposage, de l'assurance, ainsi que l'intérêt sur l'argent emprunté en vue de faire le paiement initial, le maximum permis en vertu du présent paragraphe ne doit dépasser 7½¢ la livre de sirop,
7. Pour les fins de la présente convention, le prix de gros signifie le montant réel reçu par le syndicat après déduction des frais de transport, des réclamations et des autres dépenses déductibles proprement du produit des ventes brutes,

8. (i) Le Ministre s'engage, au cas où le prix de gros moyen obtenu pour le sirop d'érable produit en 1974 dans la province de Québec et livré au syndicat puis vendu comme sirop d'érable ou sous forme de sucre d'érable, de beurre d'érable ou de tire d'érable, conformément aux termes de la présente convention est inférieur au paiement initial plus les frais effectifs de conditionnement, d'administration et de vente lesquels ne doivent pas dépasser le maximum fixé à l'article 6 de la présente convention, à verser au syndicat la différence en plus, le cas échéant, entre le versement initial plus lesdits frais et le prix de gros moyen susmentionné, calculé sur la quantité de sirop d'érable livrée au syndicat,

10. Le syndicat fera connaître au Ministre à la fin de chaque mois, pendant la durée de la présente convention, la quantité totale et la valeur totale en dollars de sirop d'érable

qui lui a été livrée au cours de chaque mois, la quantité totale et la valeur totale en dollars de sirop d'érable ainsi que de sucre d'érable, de beurre d'érable et de tire d'érable vendue pendant chaque mois, les provisions totales de sirop d'érable ou d'autres produits de l'érable non vendus tenus selon le plan coopératif et les provisions estimées de sirop d'érable qui reste à être livré au syndicat par les producteurs,

11. Lorsqu'il est établi que les exigences d'aucun article de la présente convention n'ont pas été bien satisfaites, cette convention devient nulle et non avenue.
12. Il est en outre convenu qu'en cas de différent quant à l'interprétation d'une disposition de la présente convention, la décision du Ministre sera sans appel et obligatoire,
13. Le Ministre peut, à la suite d'un avis qu'il juge juste et raisonnable, exiger la cessation des livraisons de sirop d'érable au syndicat en vertu de la présente convention, sans que le Ministre ait à répondre du sirop d'érable livré à la Société coopérative après la date stipulée dans l'exigence ci-dessus.
14. La présente convention visera le sirop d'érable produit en 1974 dans la province de Québec et livré au syndicat le 31 mars 1975 ou avant cette date, et restera en vigueur jusqu'au 31 décembre 1975, ou jusqu'à une date ultérieure que le Ministre pourra prescrire s'il le juge nécessaire pour la vente de ce sirop d'érable,
